A message from our host, Stanislav Ioudenitch:

Hello ICM Patrons Society Guests! As we inch closer to our Italian escapade, my team and I have poured over details to craft an itinerary that's both tailored to our group's exquisite tastes and promises an unforgettable experience. Let's dive into our Italian adventure!

Upon touchdown in Milan, we have arranged for transportation to seamlessly transport us directly to our Como accommodations. This guarantees a swift transition from flight fatigue to immediate relaxation. The day's primary focus is recuperation. That evening, we have dinner reservations for our whole group to start our trip off right. The waterfront allure and culinary delights are bound to set the tone for our trip.

For the next three days, we immerse ourselves in Lake Como's beauty.

We take in sightseeing, soon leading us to the magnificent Villa Carlotta Botanical Gardens. Our picturesque journey includes a lovely day trip, where panoramic mountain views await.

An intimate concert by our esteemed alum, pianist Behzod Abduraimov, in the serene ambience of a beautifully antique Church venue, promises to be the highlight. We will indulge ourselves in the culture of Italy as we migrate to Valtellina Superior Wine Region to enjoy the best way fruit can be served. We culminate our journey with a day spent in the Bellagio area. We'll journey via a ferry ride where we can explore the best and most luxurious parts Lake Como has to offer. After a day of exploring and shopping, as the evening approaches, we'll enjoy a gastronomic journey at an extraordinary and rich local restaurant. This complemented by its panoramic vistas and specially curated wine experience promises to be memorable for all.

Milan is our next destination, where the enigma of the Last Supper awaits. Later, on May 31, the operatic brilliance of "Don Pasquale" at Teatro Alla Scala promises to be the cultural highlight.

Venice becomes an absolute must-visit and our final destination. A spacious motorcoach, reminiscent of a delightful journey I once had with students, will be our mode of transport to Venice.

This journey promises camaraderie and scenic vistas. A special local restaurant will greet us with open arms as we end our travel day, before heading off to rest for the evening.

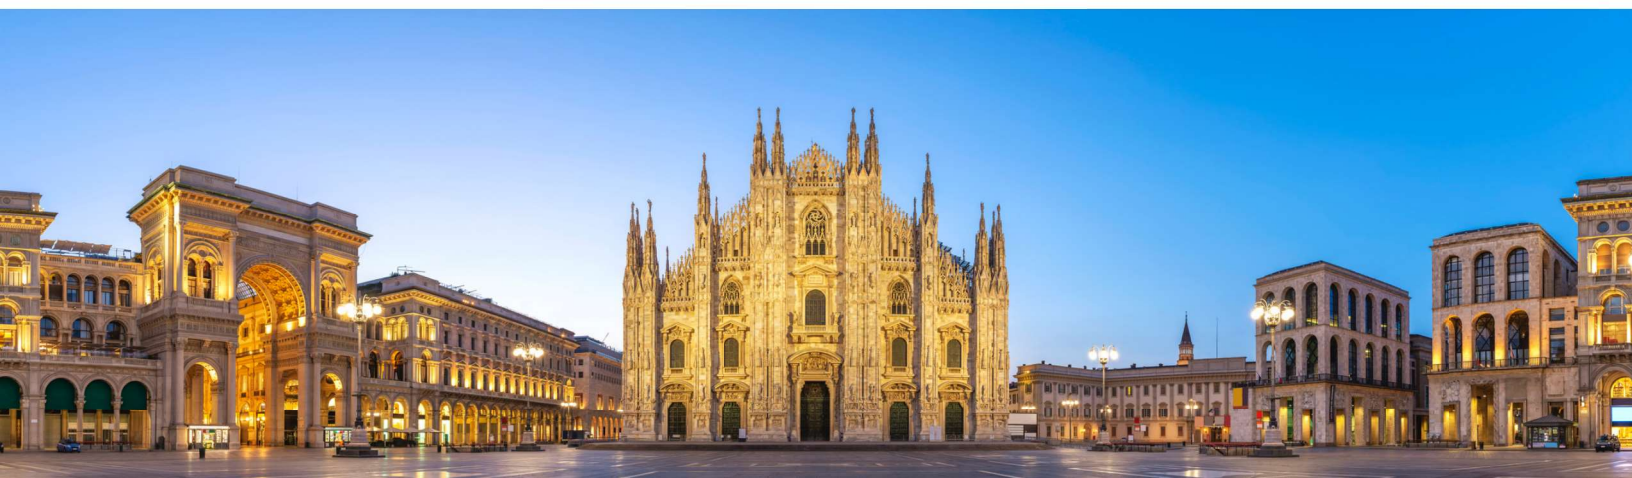

Thanks to the generosity of our friends and patrons Paul and Linda DeBruce, June 3rd becomes the perfect climactic end to our spectacular trip. They've arranged a special private tour of the Guggenheim which is certain to be the experience of a lifetime. The intricate interplay of art, history, and enchanting canals will offer a unique backdrop for our explorations. We will end the day with a Farewell Dinner, to reminiscence on the sensational time we have enjoyed together.

June 4th, with memories aplenty and a heart full of gratitude, we embark on our return journey. Our trip is shaping up to be a symphony of experiences, and I look forward to spending 11 wonderful days together in a place which is so special to me with this crafted melody of travel.

With warm regards,
